WALL DECOR

CUSHIONI Roll Foam Block

Self-adhesive brick-pattern foam in a large roll — fast to install, insulating and stain-resistant.

A large roll-format version of our brick-pattern foam block, sized 100cm × 2.5m for fast coverage of big walls. An 8-layer high-density structure with an aluminum foil layer boosts insulation and helps prevent condensation, while the peel-and-stick backing means anyone can install it without tools. A special CPP-film coating resists everyday stains and keeps a soft sheen, and the thick, dense PE foam absorbs impact.

Key features

• Large 100cm × 2.5m roll — fast coverage

• 8-layer high-density insulation with aluminum foil

• Peel-and-stick — no tools needed

• Stain-resistant CPP-film coating

· Impact absorption and cushioning
